## Nursing Mothers and Over-burdened Women

In all stations of life, where vigor and vitality may have been undermined and broken down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless help to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, growing or distressing nervousness in stomach, dizziness, faint spells, see imaginary spots or spots floating before eyes, have disordered bowels, catarrhal discharges, prostrations, or retroversion or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and persistently Dr. Pierce's Favorite Prescription.

This world-famous specific for woman's weakness and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its makeup. All its ingredients are printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula, knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

## PRIEST MURDERED.

Father Leo Heinrichs was shot and killed yesterday by Giuseppe Guarnaceto, an avowed anarchist and priest hater, while the priest was administering the sacrament at early mass in St. Elizabeth's Roman Catholic Church in Denver, Col. Kneeling at the altar rail, between two women, Guarnaceto pressed the muzzle of a revolver against the body of the priest, after receiving from him the consecrated water, and shot the priest through the heart. Exclaiming "My God! My God!" Father Leo fell prone in front of the altar and died.

With an inarticulate scream the assassin sprang into the aisle, and, waving the smoking pistol about his head, dashed to the church door. For a moment the hundred or more persons in the church were dazed. Then a woman shrieked and the congregation became panic-stricken. Several women fainted and many others became hysterical.

Several men started in pursuit of the murderer and the fleeing Italian was overtaken on the church steps. Guarnaceto attempted to shoot a policeman, but was overpowered after a desperate struggle, in which several men assisted the officer.

Guarnaceto was placed in solitary confinement and the authorities are experiencing trouble in preventing a lynching. Guarnaceto admitted to a policeman that the priest whom he had killed was a stranger to him and, in explanation of his crime, said:

"I just went over there because I have a grudge against all priests in general. They are all against the workingman. I went to the communion rail because I could get a better shot. I did not give a damn whether he was a German priest or any other kind of a priest. They are all in the same class. I left Italy three months ago and went first to Central America and then came to Denver. I am an anarchist, and I am proud of it. I shot him, and my only regret is that I couldn't shoot the whole bunch of priests in the church. I am a shoemaker, but have not worked since coming to Denver."

The best remedy known today for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take. Sold by W. F. Creighton & Co.

## CHIEF OF POLICE KILLED.

Chief of Police James H. Benton of Fayetteville, N. C., was shot and killed early yesterday afternoon by Sam Murchison, colored, who was captured an hour after the shooting, and despite three distinct efforts to lynch him, was safely lodged in jail. Last night at the direction of the governor, the local militia company surrounded the jail, though no further trouble is apprehended.

Murchison, while drunk, quarreled with one of his own race yesterday and shot his antagonist, inflicting a slight wound. Chief Benton attempted to arrest Murchison but the negro shot Benton through the head.

Jack Crossall, an eighteen-year-old boy, who was near by, though unarmed, made a determined effort to capture the negro, who snapped his pistol at the boy and ran. The negro fired one shot at a man who attempted to stop him, and was wounded by one of the three shots fired by Charles Benton, a seventeen-year-old son of his victim, who took his father's pistol from him as Benton fell and started in pursuit of the negro.

Murchison continued his flight to the outskirts, where, after thirty policemen and many citizens had hunted him for an hour, he was captured.

En route to the jail three ineffectual attempts were made to take the prisoner from the press, and the last time he was fiercely beaten over the head with fists and sticks by angry citizens, although no serious injury was done him. Young Benton's shot inflicted a serious wound in the groin.

An unusual circumstance of yesterday's tragedy is that it is the second time within a year that Fayetteville has lost a police chief at the hands of desperate negroes. Less than a year ago Chief of Police Chesson and one of his officers were shot by a negro desperado.

Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. Sold by W. F. Creighton & Co.

## ANOTHER YEAR OF Splendid Growth

The 28th Anniversary of our store will be celebrated during the week beginning today, February 24th, with features of unusual interest.

Each year finds the store with stronger trade connections at home and in Europe; each year finds the store able to reduce the proportion of waste in handling goods from the manufacturer to the user. And this elimination of waste—waste in the cost of marketing goods—is the chief advantage of the big general store.

And so we strive to make the business greater and greater—not for mere business, but because a business must grow to hold its own, and must grow to reach the extreme of helpfulness.

If we could surely hold business at a given point, we might well have rested on our laurels. But that is impossible—it must grow or dwindle, and the business year just closing, even in the face of financial unrest, shows a very satisfactory growth, the fruitage of experience and integrity ripened into the abundance of today, and promises even larger growth for 1908.

To the diligence and steadfast purpose which have formed the bulwarks of our prosperity we pay due homage, knowing that opportunities are hard to hand with industry, while a courageous readiness in utilizing them has brought for us a commercial destiny which has placed us foremost among the mercantile establishments in the National Capital.

But we shall not rest here. Though opportunities for improvement appear with less frequency than in the earlier years of our career, yet shall they find us alert to seize and develop them to the utmost extent.

In acknowledgment of the cordial sincerity of the public endorsement, the loyal patronage which has attended our efforts and achievements, we gratefully extend to our friends a thank offering from our abundance, an opportunity to secure values in all lines of merchandise, which our prosperity alone makes possible, and which enables us to share our success with our gracious patrons.

Each of the seventy departments contributes one or more items of seasonable, practical merchandise, nearly all of which were bought especially for this occasion, and are offered at an under-value price.
